

ATI LINE CARD

Rapid Prototypes. Rapid Parts.

RAPID PROTOTYPING – In House

Stereolithography

- (3) 3D Systems SLA 500
- (1) 3D Systems SLA 5000
- (1) 3D Systems SLA 7000
- (1) 3D Systems SLA Viper Si2 (Hi Res)

Materials

- Somos DMX-SL™ 100
- Somos Watershed® XC 11122
- ProtoGen® 18420 White, 18920 Gray
- Somos 8120, 9120, 9420

Selective Laser Sintering

- (4) SLS 2500plus HiQ/HS

Materials

- EOS PA (nylon) & EOS GF (GF nylon)
- Laserform A6 (steel w/ bronze infiltration)
- CastForm PS (investment)
- DMLS Materials (Stainless Steel, Cobalt Chrome, Titanium)

3D Printing - Objet Eden 500v

- Several materials available (call for details)

PROTOTYPE TOOLING

- TARGET 100 Prototype injection tool (spec resin molding)
- TARGET 200 Prototype die cast tooling (A380, A390, A356, ZA-12)
- Sintered and Hybrid Quick Tooling
- RTV Tooling / Cast Urethane Production
- Cut Aluminum & P20 Prototype injection mold tooling
- Production tooling (domestic and overseas)

Austin Office: 800-600-8121 or 512-990-7199
